

CARINA PUMP DISPENSER

This clear glass soap dispenser has a wonderful crackle finish that catches and reflects light beautifully. To create the crackle effect, each mouth-blown piece is finished with a special outer layer of glass soap dispenser that crackles as it cools. The interior remains completely watertight. Made In Italy. Please be aware that tiny bubbles may randomly appear within an item. This is part of the handmade nature of our production and is not considered defective.
