

WOVEN GOLD TRAY

This gold bathroom tray has a distinctive "woven" texture created as layers of gold and ivory enamel are combed over mouth-blown glass. A final firing in the kiln fuses the enamel to glass. The gold enamel gives each piece a subtle shimmer; the hand-applied process makes each piece unique. Made in Italy. Please be aware that tiny bubbles may randomly appear within an item. This is part of the handmade nature of our production and is not considered defective.
