

ARABA RAFFIA PUMP DISPENSER

Natural raffia lends a wonderful rustic texture to this soap dispenser. The raffia fibers are sustainably sourced from indigenous palm trees in the Philippines, where the tradition of weaving has flourished for over a century. The coloring and texture of this wonderful material is completely natural, making each piece unique. The soap dispenser includes a stainless steel "bottle" and pump mechanism that can be removed for cleaning and refilling. Made in the Philippines.
